**A complete application must include the following items:**

☐ Job Descrition

☐ Resume

This form and supporting materials should be sent to the MSE Academic Advisor, Marcie Leek (marcie.leek@utah.edu).

**Terms of commitment:** To have an internship fulfill a Section 3 - Technical Elective requirement, students must earn a total of 3 credit hours and complete a graded Technical Report. Students must complete one semesters at a full-time internship or two-semsters at a part-time internship to receive Tech Elective credit. *Students are responsible for paying for the credit hours associated with the 3 credit hours required for Technical Elective requirement.* Depending on when students complete the internship, students will register for either MSE 5800 or MSE 5801. The internship progress will be evaluated and graded by the Internship Program Advisor.

I understand that an application submitted without complete information will not be considered and have read the terms of commitment:
